Dear Kaye, Andrew, Trish, and all at the Aurora Ozone,

We are beginning to recover after the wonderful Settlement Day 175<sup>th</sup> celebrations on 27 July.

And we hope that you, too, are now getting on with routine after what was a magnificent effort by each person at your hotel. What a great team effort it was.

However, we want to thank you especially, Kaye, for your leadership throughout our negotiations during the past few months. You proved to be so adaptable, innovative, and above all you became a warm host and good friend.

The layout for the dinner was very good, the meal was excellent, and the programme ran like clockwork. The décor, thanks to you, was colourful and celebratory, and the birthday cake was a very nice finish to the evening – although I think many people had eaten well and did not do justice to the cake!!

In particular, I thank you on behalf of Neville (President) and Anthea (Dinner Convenor), with special thanks from me.

Very best wishes for the future,

Dene Cordes
